

You will have to add 2 of these Farmers Union Small Corner Banners. They will have to be run at all times. These Banners will be on the RSS Feeds in Layer 3 and you will have to switch between them based on the sport.

Volleyball will use the banner in the corner since you do not have a clock.

Football and Basketball you will have to use the one that is off center of the right side of the scoreboard and you will position your clock on the right side of the banner and hug it against the right side of the screen.
